RE: MTC TIP Revision 2009-12 – Administrative Modification

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2009 Federal Transportation Improvement Program (FTIP). TIP Revision No. 09-12 is an administrative modification that makes revisions to 21 projects receiving American Recovery and Reinvestment Act (ARRA) funds with a net increase in funding of approximately $1.9 million.

One significant change in this revision is the creation of the San Mateo County: Install TMS Elements (SM-090023) project by splitting the project originally listed in the SHOPP – Mobility Grouped Listing in the TIP (MTC050006) to allow for easier reporting and tracking of ARRA funds.

The funding plan for the SR 24 - Caldecott Tunnel 4th Bore project was also updated by adding $104.957 million in State ARRA funds in FY09 in place of $31 million in RIP funds and $73.957 million in CMIA funds programmed in the TIP.

MTC's 2009 FTIP, as revised with TIP Revision No. 09-12, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the State Implementation Plan (SIP).

The modifications made pursuant to this revision do not require a new regional emissions analysis because the projects were found to conform as a part of a previous analysis, pursuant to the transportation conformity provisions found in 40 CFR Part 93 section 122(g). MTC's 2009 FTIP, including Revision No. 09-12, was developed through a continuing, cooperative, comprehensive transportation planning process in accordance with 23 U.S.C. §134 and 49 U.S.C. Chapter 53 and MTC's Public Participation Plan.

TIP financial constraint documentation submitted with this revision shows that MTC's FTIP is financially constrained as required by the federal surface transportation programs authorizing legislation and statewide and metropolitan planning and programming regulations.

MTC's 2009 FTIP, including Revision No. 09-12, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan (Transportation 2030).

The revised TIP entries and the updated fiscal constraint documentation have been emailed to your staff and has been posted at MTC's TIP website at: http://www.mtc.ca.gov/funding/tip/. If you have any questions regarding this revision, please contact Sri Srinivasan of my staff at (510) 817-5793.

Sincerely,

Therese W. McMillan
