Subject FY 2012/13 Highway Maintenance (HM) Program Projects - Request for Programming

Greetings,

Attached is the list of State Highway Maintenance (HM) projects for FY 2012/13. Please program these projects in your 2011 FTIP through next FTIP administrative modification/amendment and also in the 2013 FTIP.

Use the fund types below when programming these projects in your FTIP. Note that these projects can be programmed through grouped project listings in the FTIP. The appropriate grouped project listing for HM projects is "Grouped Projects for Pavement resurfacing and/or rehabilitation on the State Highway System - Highway Maintenance". See link below for additional guidance.

http://www.dot.ca.gov/hq/transprog/federal/fedfiles/res_publications/grouped_pjt_listings.pdf

Note that these projects are to be programmed as 100% federally funded using toll credits; no matching funds are required. The Total Project Cost (Column H of the attached excel file) includes the construction capital cost and all associated support costs. Also the appropriate federal fund type for each project is listed under Column P of the attached excel file.

This information will be posted on Caltrans Federal programming website under "Various State and Federal programs" section soon.

Thank you.
