Dear Ms. Kiser and Mr. Sukys:

With this letter, I am transmitting Administrative Modification No. 54 to California's 2008/09-2011/12 Federal Statewide Transportation Improvement Program (FSTIP), which makes minor modifications to the rural, non-MPO portion of the FSTIP. These changes are submitted as an administrative modification. The changes are within the quadrennial element; do not reflect a change in the design concept or scope of the project, or impact financial constraints. Funding is available for these modifications. In addition, there are no projects in this Administrative Modification No. 54 that are included in any other amendment that is currently open for public review.

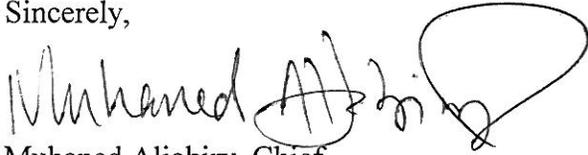

- Grouped Projects for State Highway Operations and Protection Program (SHOPP) Minor Projects. This modification adds \$495,000 of State Cash in Fiscal Year (FY) 2010/11 to a Mendocino County project, Simpson Lane Intersection.
- Eureka/Arcata Corridor Improvement Project. This modification replaces State Cash with Toll Credits for the required match for High Priority Project (HPP) funds for the PE phase in FY 2010/11.
- Realignment and Widening at Patrick Creek. This modification replaces State Cash with Toll Credits for the required match in FY 2010/11 and 2011/12.

Since administrative modifications do not require Federal Highway Administration and/or Federal Transit Administration approval, this FSTIP modification has been amended into California's 2008/09-2011/12 FSTIP.
