Mr. Leslie T. Rogers
Regional Administrator
Federal Transit Administration
201 Mission Street, Suite 1650
San Francisco, CA 94105

Attention: Jermaine R. Hannon

Attention: Ray Sukys

Dear Mr. Hannon and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 29 to the California 2010/11-2013/14 Federal Statewide Transportation Improvement Program (FSTIP) which makes minor modification to the Rural non-Metropolitan Planning Organization (MPO) portion of the FSTIP.

This administrative modification modifies the funding of existing projects and adds projects to the various grouped project listings. Projects included in this administrative modification are funded from the State Transportation Improvement Program, State Highway Operation and Protection Program, Congestion Mitigation and Air Quality Improvement Program, Federal Transit Administration (FTA) 5317 and FTA Discretionary Alternative Transportation in Parks and Public Lands Program. Included with this letter are the summary of changes and the backup listing for each grouped projects.

This administrative modification adds new programming capacity of approximately \$7.2 million to the current financial plan that relies on the State's federal programming capacity. Our next rural non-MPO formal amendment will update the financial plan to reflect the actual funding to support the added programming capacity.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2011 FSTIP.

Mr. Vincent Mammano/Mr. Leslie T. Rogers
