Attention: Federal Resources Office, M.S. 82
For Rachel Falsetti, Division of Transportation Programming

Dear Mr. Dougherty:

SUBJECT: 2010/11 FSTIP AMENDMENT NO. 18, NON-METROPOLITAN AREA

We have completed our review of Amendment Number 18 to the non-metropolitan planning organization (non-MPO) portion of the 2010/11 Federal Statewide Transportation Improvement Program (FSTIP) that was submitted by your letter to the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) dated December 5, 2011. As detailed in your letter, this amendment: adds new projects to the grouped project listings for the Highway Maintenance Program, SHOPP Roadway Preservation, Safe Routes to School Program, FTA 5310 Program, and FTA 5311(f) Program; adds a new highway bridge program project listing; and modifies two highway bridge program project listings that were previously approved for inclusion in California's 2010 FSTIP.

Based on our review we accept this amendment to the 2010/11 FSTIP in accord with the Final Rule on statewide and metropolitan transportation planning that was published in the Federal Register on February 14, 2007. We find that the non-MPO portion of California's FSTIP, including this amendment, was developed through a continuing, cooperative, and comprehensive transportation planning process in accord with the statewide planning provisions of 23 U.S.C. 135 and 49 U.S.C. 5304 as amended by Public Law 105-178, *the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users* (SAFETEA-LU). We are approving this amendment to the 2010/11 FSTIP in accord with the *July 15, 2004, Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX*.

The changes proposed to the FSTIP by the amendment are associated with Federal highway program projects that are either: exempt from the requirement to determine conformity pursuant to 40 CFR 93.126 or 93.127; or are proposed for implementation in an area of the State of California that are designated as attainment or unclassified for Federal Air Quality Standards; or are associated with projects located in isolated non-attainment areas outside the metropolitan planning areas of the State, and as a consequence, is not subject to the requirements that a regional air quality conformity determination be made prior to FSTIP programming.

If you have questions or need additional information concerning our approval of this amendment, please contact Wade Hobbs of the FHWA California Division office at (916) 498-5027, or by email at Wade.Hobbs@dot.gov; or Ted Matley of the FTA Region IX office at (415) 744-2590, or by email at Ted.Matley@dot.gov.

Sincerely,

/s/ Leslie T. Rogers
